SKILLS

- Languages:** Python, C, C++, Java, PHP, SQL
- Web Technologies:** HTML, CSS, Tailwind CSS, JavaScript, Flask, React.js, Node.js, Express.js, REST APIs
- Databases:** MongoDB, MySQL
- Tools & Platforms:** Git, GitHub, Postman, VS Code, Vercel, Render
- Soft Skills:** Problem Solving, Team Collaboration, Critical Thinking, Effective Communication

PROJECTS

- VeltrixCRM – AI-Powered Customer Relationship Management Platform | [GitHub](#) | [Live](#)** April 2026
- Engineered an AI-powered CRM platform enabling customer acquisition, retention tracking, workflow automation, and data-driven business insights
 - Architected scalable backend systems using Laravel and MySQL, integrating OAuth authentication, secure APIs, and automated communication workflows
 - Enhanced user experience through interactive 3D visualizations, advanced animations, and performance-optimized frontend design
 - Technologies:** PHP, Laravel, MySQL, Tailwind CSS, JavaScript, Three.js, SMTP Integration
- CodeConnect – MERN Stack Coding Practice & Recruitment Platform | [GitHub](#) | [Live](#)** December 2025
- Developed a full-stack coding platform featuring real-time code execution, developer leaderboards, structured DSA learning, and company-focused recruitment opportunities
 - Implemented role-based authentication, code execution workflows, ranking mechanisms, and challenge management features to enhance the developer learning experience
 - Increased user engagement by 70% through responsive UI improvements, and streamlined user interactions
 - Technologies:** MongoDB, Express.js, React.js, Node.js, JWT, REST APIs

TRAINING

- Front-End Web Development – Summer Training (Gokboru Tech Pvt. Ltd.) | [Certificate](#)** June 2025
- Completed intensive training in React.js, JavaScript, responsive web development, and modern frontend engineering practices
 - Built a responsive Task Manager application featuring CRUD operations, dynamic task handling, and optimized user interactions
 - Strengthened practical UI development and component-based design skills through industry-focused assignments and real-world implementation
 - Applied responsive design and frontend optimization for better cross-device usability

CERTIFICATIONS

- Dynamic Programming Camp Certification | AlgoUniversity | [Certificate](#) May 2026
- Oracle AI Foundations Associate | Oracle University | [Certificate](#) September 2025
- Cloud Computing | NPTEL | [Certificate](#) January 2025 - April 2025
- Responsive Web Designing | freeCodeCamp | [Certificate](#) November 2023

ACHIEVEMENTS

- Received a research incentive for the patent titled “**Vision Sync Connecting Steps and Senses for Visually Impaired,**” officially published in 2025
- Ranked among the Top 3 teams in an NLP Workshop for developing an innovative Text-to-Speech system
- Secured a Top 10 position among 50+ teams in HackWithVertos 1.0, a 24-hour hackathon recognized for innovative problem-solving
- Solved **450+** Data Structures & Algorithms problems across platforms like LeetCode, GeeksforGeeks, and HackerRank, strengthening problem-solving and algorithmic efficiency

EDUCATION

- Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; **CGPA: 8.23** August 2023 - Present
- Aditya Junior College** Narsapur, Andhra Pradesh
Intermediate, MPC; **Percentage: 92** August 2021 – May 2023
- Aditya School** Narsapur, Andhra Pradesh
SSC (10th Standard); **Percentage: 90** August 2020 - June 2021
